REPORTS

On Saturday June 21, the Assn. was host for a fishing trip on the assn. pond for a group of boys from the Salvation Army Children's Village. The boys where picked up at their cottages at 3 o'clock and brought to the pond by assn. members. They went fishing at once. They were instructed by the members on boat safety and fishing. At 5:30 they were summoned to the club house for Hot Chicken sandwiches with mashed potatoes, peas, ice cream, watermelon, and milk or soft drinks. Then back to the pond until 8 o'clock. Then a snack of chicken sandwiches, ice cream, watermelon, and soft drinks before the trip home. All of the boys caught some Blue Gill, Sun Bass, or Crappies. * And everyone had a good time including the members. We all thank the committee for a job well done, especially Bob Rennie and Bill Liagh who manned the kitched in such good manner. * The boys also got a big kick out of the CFPL-TV being there and taking films.

USED FISHING EQUIPMENT

This project turned out better than it looked like it was going to. Our Pres. C.P. Arcscott was able to make-up 10 complete sets from the material sent or brought in. These will be turned over to the recreation officer of the Salvation Army Children's Village for the u use of the Children at the Summer Camp on Fanshaw Lake, etc.

CONSERVATION

At the last regular meeting the conservation committee reported the ploughing and seeding done and around the bird and small game sanctuary has been done. So there should be lots of seeds left in the fields this fall for winter use.

THANKS AND APOLOGIES

Thanks again to Stu Campbell of Molsons Ltd. for the fine refreshments put on by his company on the evening of the Annual Liars Night. It was reported in last month's letter that he was from another company, our apologies Stu.

A TELEPHONE CONVERSATION

"Hello, are you a game warden?"

"Yes!"

"Thank goodness, I have the right
man at last. Would you please
give me some suggestions for a
child's birthday party."
