AUGUST 1957

Editor
Jack Livermore

CLUB ACTIVITIES THIS MONTH

Regular Meeting -----Thursday Aug. 8-8 p.m.

Stag Social -----Thursday Aug. 15-8 p.m.

REPORTS

June meeting of the Zone Six, Ontario Federation of Anglers and Hunters at Waterloo, was a well attended and very interesting meeting. Our Assn. was represented by Fresman McLeod, Art Boyle, Charlie Smith and yours truly, as was reported at the July Assn. meeting. There were many interesting reports and discussions on resolutions, etc. It is too bad that more of our members could not be present at these meetings.

A FISHING TRIP

by Robt. Ramsay

Five members of the club, Curly Arscott, Jack and Harry Livermore, Ray Dark and Bob Ramsay had some fine fishing on a recent trip.

They spent a week in the Grassy River section of the Gogama District.

This is strictly a camping trip as the section has been declared a wilderness area and no camps or cabins other than those already there are being allowed.

Pike and pickerel were in super-abundance and trout fishing is available if one cares to hike in some distance. Six lakes and perhaps twenty-five miles of river are very easily accessible, no portages and dozens of lakes if you want to carry in.

For the hunters, that would seem to be the place to go if a Moose was wanted, the boys saw quite a few; bears too, seem plentiful.

Excellent and accurate maps of the area are available and any of the boys will be glad to give anyone more information.

No matter how good a sportsman you are you can still get lost. That's what happened to your President and Past President. Yes, Curly and Jack got lost and without a compass.

FISH IN ASSN. POND

On July 7 while working on the assn. dock Robt. Rennie had a line in the pond with a chub minnow attached. He hooked an 8 lb. 30 inch long pike. And according to all reports there was much fun. But with the help of Harry Livermore, Robt. finally landed Mr. Pike. So you see now there is still good fish to be had in our pond. As from time to time someone catches a good one. And smaller Pike and Bass are often caught to prove they are reproducing.

FIVE PIN BOWLING

There is still room for a few more Bowlers, they may be members or Friends of members. If you are not registered already, get in touch with James Vandelay, 927 Princess Ave., Phone 4-4667.

FISHING

It is reported by Bill Leigh, Dave Vittie & Harry Livermore that Bass fishing at Wingham district of the Maitland River the last few weekends has been very good.

SPORTSMEN OF THE MONTH

The Sportsmen of the month of July is Ron Allen, Ridout St. Reg. Bone is the sponsor of this lucky fellow.
